Moving forward with SACSA 2006

What Are The Requirements For 2006?

All Educators use the SACSA Framework to:

- **Plan, teach and assess** learners’ progress in the Developmental Learning Outcomes and/or Outcomes and Standards in all Learning Areas
- Provide relevant feedback to learners and **report** to families about these achievements and how progress can be extended
- Participate in **consistency** of professional judgement activities at the **local** level
- **Record and use data** about progress and achievements to improve learning for all learners.

What Materials Will Be Available?

The Office of Primary, Middle and Senior Secondary Services will provide the following processes and materials for sites as they participate within their districts:
